**G** **C**  
If I gave you a million dollars, you'd want two  
**G** **D**  
Living within your means never occurred to you  
**G** **C**  
You run up all my charge cards, you gotta shop every day  
**G** **D** **G**  
My life's in constant turmoil from your debts I have to pay

**G**  
I'd rather walk\_on my lips than be critical  
**D**  
Of the way\_that you choose to live  
**G**  
You seem to think\_that I'm here for your convenience  
**G F D G**  
You always take, take, take and never give

You buy yourself a new car and I'm 'sposed to smile  
A vacation in Hawaii or a Caribbean isle  
You live a life of leisure, then give me the bill  
For you I work from dusk till dawn to give you time to kill

**Play key Bb (120)**
