CGap Music (ASCAP)

G

You might be walking, talking, **walking** in a crowd on a sunny day

A

D

And feel so lonesome, lonely, **lonesome**, like you were trapped in the deepest cave

G

C

C7

Your path is narrow, dark and **narrow**, with traps and twisted signs

G

D

G

Just ask for guidance, light and **guidance**, and his loving arms you'll find

G

Trust Jesus, to lead you by the hand

D

Trust Jesus to help you understand

G

Trust Jesus when you make your plans

D

G

Trust Jesus to lead you home

Each day you're challenged, tested, **challenged**, problems without end

So you solve them, finish, **solve them**, to start over again

So you question, ponder, **question**, oh why is life so hard?

Just ask for guidance, light and **guidance**, in the mercy of the Lord

Trust Jesus, to lead you by the hand

Trust Jesus to help you understand

Trust Jesus when you make your plans

Trust Jesus to lead you home

Trust Jesus, to lead you by the hand

Trust Jesus to help you understand

Trust Jesus when you make your plans

Trust Jesus to lead you home

Trust Jesus to lead you home
